

Financial Aid

With our student deferment account, you can pick up your books early and pay for them when your financial aid comes in.

You can use it here at Campus Books and save more of your financial aid money for future purchases with our low prices. Shops early to take advantage of our large selection of used textbooks.

We supply just about everything the on-campus store does including SCF custom books, lab manuals, MyMathLabs, and access codes.

How it works:

1. You provide proof that you are receiving financial aid (you can log into your account at the store if you do not have printed paperwork).
2. We pull your books and any additional material for you and calculate the total.
3. You sign a deferment agreement promising to pay for your books when your financial aid comes in. You'll need to provide a current driver's license or state ID and your SCF student I.D.
4. You'll also need a credit/debit card that we keep on file.
5. Once your financial aid comes in, come by the store to pay for your books or give us a call and tell us to charge the card we have on file.

All we'll need from you is:

- A current driver's license of state issued ID and your SCF student I.D.
- A credit/debit card which we keep on file in our secure credit card payment processor's system.
- A copy of your financial aid award letter or you can log onto your financial aid account at the store to show proof of aid.
- A copy of your schedule or screenshot (you are only allowed to put material on deferment for classes for which you are registered.)

It's that simple!
